

IQ**IRONQUIP**

Rippers

All IronQuip rippers are produced utilizing the highest quality processes and materials. Components are hardened to between 200 and 500 BHN. Welding is done with low hydrogen electrodes to provide the highest strength and no distortion. After fully testing the hydraulics the rippers are sandblasted and painted for a high quality finish.

M Series

- Fits on all 12M, 140M and 160M Caterpillar Motor Graders.
- The ripper includes five ripper shank pockets and nine scarifier shank pockets.
- Ripper comes standard with three ripper shanks.
- Dimensions: 2.32 m x 1.7 m x 1 m (91.3" x 67" x 39").
- Weight: 1347 kg (2970 lbs).

H Series

- Fits on 12H, 140H, 143H and 160H Caterpillar Motor Graders.
- The ripper includes five shank pockets and nine scarifier shank pockets.
- Ripper comes standard with three ripper shanks.
- Dimensions: 2.32 m x 1.7 m x 1 m (91.3" x 67" x 39").
- Weight: 1347 kg (2970 lbs).

G/H Combi Series

- Fits on all 12G/H, 140G/H, 143G/H and 160H Caterpillar Motor Graders.
